**January 5                      Robin Goble                      Shiloh**

Shiloh: The hike will start at the Shiloh parking lot at 9:30.  
It will be a 6-mile hike and poles are a good idea. It will take two hours.  
For those interested, we can go downtown Windsor at Kin for lunch.

**January 12                      Hillary Kambour                      Lake Sonoma**

Let's explore a slightly different part of Lake Sonoma. Meet at City Hall at 9 a.m with water, poles, lunch, hat and sunscreen. Caravan to the Lone Rock parking area at Lake Sonoma. From there we will hike a bit of Half a Canoe, Cove, and Rancheria trails. We will take the Wulfow Shortcut which is short and steep and up to our lunch spot at Liberty Glen Campground. From there it's about 1.5 miles back to the cars for a total of 7.5 miles with about 1100 feet elevation. All the while we will hike through Madrone and Live Oak forests with views of the Lake as we hike along.
