

AAUW Healdsburg Branch

6/28/2024

Dear Healdsburg Branch,

Thank you for choosing me to go to Tech Trek. My core class, Natural Sciences, taught me more geographical history, like the Dust Bowl. I was also interested in the end of the day activities, like stargazing. This camp was an amazing experience to immerse myself in STEM and meet other young women who have similar interests. So, I would like to thank you again for eye-opening experiences.

Sincerely,

Mira
